

This comment is in reference "MB Docket No. 04-233". My family and I are avid listeners of K Love radio, broadcast on an FM translator. K Love radio serves our community and surrounding areas and has a very positive effect on our children as well. If K Love were replaced by an LPFM broadcaster providing other programming it would be very disastrous to all K Love listeners. We rely on this programming for positive encouragement, as do hundreds of thousands of listeners each and every day around the clock. I believe it is in the public interest to maintain the services provided by K Love radio. I urge you to not allow the new LPFM stations take priority over current FM translator services such as K Love. Thank you very much.
